

# **ADDITIONAL PROCEDURES FORM**

## **Kitty Hawk Animal Hospital**

1534 Kitty Hawk Rd., Universal City, Texas 78148 | Phone: 210-658-3574 | Fax: 210-658-2590

### **PRE-ANESTHETIC BLOOD PROFILE:**

This blood profile will screen for things that would increase your pet's anesthetic risk such as:

- Anemia (low red blood cells)
- Kidney disease
- protein abnormalities
- Liver disease

Please circle your choice:

<b>Basic Profile \$114.50</b> <i>This profile is a basic screen for anemia, liver, and kidney disease.</i>	<b>Comprehensive Profile \$159.50</b> <i>This profile or senior health screen equivalent is required for all pets that are 7 years or older. It is a more comprehensive screen of internal organ function</i>	<b>None:</b> By selecting "no" I am indicating that I understand the risks associated with anesthesia, and I am choosing to decline the recommended pre-anesthetic blood profile for this surgery.
---	--	--

### **POST-LASER THERAPY:**

Laser therapy provides relief for your pet using a deep-penetrating light that releases endorphins and stimulates cells. This therapy will ease pain, improve mobility, and promote faster healing.

**The cost for post-laser treatment is \$22.00 per site and session.**

<b>Yes</b>	I want to include post-surgical laser treatment for my pet.
<b>No</b>	I <b>do not</b> want to include post-surgical laser treatment for my pet.

### **HOME AGAIN**

We are pleased to offer a procedure designed to enhance your chances of safely recovering your pet should he/she ever be lost or stolen. "Home Again" provides the most complete pet retrieval services available today. We insert a permanent microchip just below your pet's skin surface. Many shelters and pet care professionals use a hand-held scanner to reveal a code that identifies you as your pet's owner. The cost is \$56.50, which includes your first-time registration fee and first-year membership. **All local shelters scan for Home Again ships prior to euthanizing pets.**

**Please circle "yes" or "no" to indicate your choice:**

<b>Yes</b>	I want this procedure performed on my pet.
<b>No</b>	I <b>do not</b> want this procedure performed on my pet.
